Ettevõtte kirjeldus

<https://p2pmarketdata.com/platforms/nibble/>

Nibble runs a resale marketplace lending platform, which means it aggregates pre-funded loans from partner organisations (loan originators) and re-sells them to investors. Nibble is operated by Nibble itsf OÜ, headquartered in Estonia. Any supervisory authority does not regulate it.

Nibble allows you to provide funding to individuals by investing in short-term personal loans. Nibble only serves lenders, so you can't apply for a loan directly on the platform.

Nibble doesn't separate investors' funds from the platform company assets and doesn't have a wind-down plan in place to ensure minimal damage in case the platform goes out of business. It doesn't disclose statistics about its funded loans but shares its monthly funding volumes with P2PMarketData.
