Teema: Requirements to obtain Corporate Service Provider License

Hello,

My name is Jean Franco Fernandez Clark. I would kindly like to know the requirements to obtain a Corporate Services Provider License.

My questions are the following:

- to apply for a Corporate Service Provider license, must the company be formed in Estonia, or can the company be formed somewhere else?
- Must the company have an address in Estonia? Must the company owner be a resident of Estonia or the European Union?
- is the total fee 345?

Kind regards and thank you in advance,
